EDUCATION

Bachelor of Engineering, Information Technology. 2024
P.E.S. Modern College of Engineering | Savitribai Phule Pune University
CGPA: 8.43

Higher Secondary Education | Science 2020
Yashwantrao Chavan Institute of Science
Percentage: 76.62 %

TECHNICAL SKILLS

Programming: C++, DSA, php
Web Stack: HTML, CSS, JavaScript, ReactJS, Node.js, Express.js, MongoDB, MySQL
Tools: Git, Postman, MongoDB Compass, MongoDB Atlas, Firebase, Render, Figma

PROJECTS

GuildMasters Website [GitHub](#) [Website](#)

- Built a MultiPage **React** website, the development approach emphasizes breaking down the website into modular components, ensuring a clean and efficient codebase with reusability. The website serves as a Guild for gamers to explore different games, offering events, insights
- Set up and deployed website using cloud-based platform **Firebase** and website is fully **Responsive** with **interactive UI**
- Contains **SignUp**, **Login** module built using **Restful API** using **Node.js** and **Express.js** that will securely store user Authentication data in cloud-based platform **MongoDB Atlas**, and backend is seamlessly hosted on **Render**.

Portfolio Website [GitHub](#) [Website](#)

- Developed a personal portfolio website using **ReactJS** to visualize the narrative of projects, expertise, and personality
- For hosting, **Firebase** is used and it is **Responsive** for all devices, and updates the website regularly to show new skills, and projects, for more **interactive UI**, React's main features are used
- Aims to leave a lasting impression on visitors and potential employers, offering a comprehensive glimpse into the skills, experiences, and projects

Hotel Booking Website [GitHub](#)

- Developed a hotel booking website using **ReactJS** for the user interface and **Express.js** with **Node.js** for the technical architecture and authorization. Implemented secure user registration and login functionality, utilizing **bcrypt** for **password hashing** and incorporating **Cookies** and **JWT** for authentication and authorization

INTERNSHIP

TCR Innovation –Front-End Intern

July 2022 - Sept 2022

Sweet Junction Website [GitHub](#)

- Developed a website named **Sweet Junction**, providing a one-stop platform for indulging in one's favorite desserts
- Built by using **HTML**, **CSS**, and **JavaScript**. I used **Flask** to enhance shopping and streamline operations, creating a seamless **API** for efficient data management with **MongoDB Compass**
- Got a valuable and meaningful experience throughout this internship and helped me dig into the Web Development domain

WORKSHOPS AND CERTIFICATIONS

Google Project Management- [Certificate](#)

Project Initiation: Starting a Successful Project

Coursera

2023

Google UI/UX- [Certificate](#)

Start the UX Design Process: Empathize, Define, and Ideate

Coursera

2023

LEADERSHIP AND VOLUNTEERING

MPULSE-IGNITE – Event Volunteer (DESIGN X),
Tech Event organized at P.E.S Modern

National Service Scheme – Member of NSS

App Club -(Member at Modern College Of Engineering)

SOFT SKILLS AND HOBBIES

Soft Skills: Adaptability, Communication

Hobbies: Video Gaming, Video Editing, Sports
